Kindergarten Extended Day Registration Information

Dear Parents and Families,

As many of you register for kindergarten this year, those of you who are also interested in childcare likely have some questions about Extended Day Programs. I will try to address the most FAQs below:

How do I find out about the latest Extended Day News?

1. You will want to sign up for the Clyde Brown **listserv (even if you are Middle School families)**, so you get all the latest info.

Go to <http://www.millisps.org>

Click on For Parents

Click on Newsletters

Then Click on the little orange squares to the right of Clyde Brown News, eflyers and Extended Day.

2. Like us on **facebook** for up to the minute info: [Millis Extended Day](#)
3. And then there is also our **website**: [Extended Day](#)

When will registration be for Extended Day Kindergarten Before and After School programs?

Enrollment forms will be available in early spring. We expect them to be posted on or about May 1st.

Why is Extended Day registration later than CFB Kindergarten registration?

Extended Day Registration is later than kindergarten registration so that families have time to be clear on what their child care needs are. This will minimize the need for an overabundance of schedule changes and will allow us to be accurate with our staffing needs.

When will the deadline be to enroll for fall?

The deadline to enroll in before or after school for the new school year will be on or about Tuesday, May 19, 2020.

Where will I find the enrollment forms?

Enrollment forms for the 20-21 school year will be posted on our website on or around May 1, 2020.

Will parents need to stand in line on a certain date to deliver their forms?

No. We will accept all forms through 6:00 p.m. on Tuesday, May 19. If we have more children than we can accommodate, we will have a lottery on or about June 1st, with all forms received by the deadline. You will receive notification if your child is enrolled successfully or not. **NOTE:** We did not have a need to turn anyone away for the past three years if they completed their enrollment and turned it in prior to the deadline!

Will children already in the program receive priority?

Yes. If we must take the enrollment to a lottery, first priority will go to children already enrolled. Second priority will go to siblings of children already enrolled. Third priority will go to all others.

What Extended Day Programs will be available to my child?

BEFORE SCHOOL PROGRAM

7:00 a.m. - 8:30 a.m.

The Before School Program located in the Clyde Brown cafeteria offers an open-ended time between 7:00-8:30 a.m. when children in grades kindergarten-five can be brought to school. During this time, children may complete their homework, play board games, create craft projects, socialize, or simply relax. Students may bring their own nut-free breakfast or purchase it in the cafeteria at approximately 8:15 a.m. for a nominal fee.

AFTERSCHOOL PROGRAM

2:50 p.m.- 6:00 p.m.

The Afterschool Program, for students in grades kindergarten through five, offers a wide range of daily activities and special events. We hope to be able to have space available for Kindergarten students to be separated into their own group in 20-21 as we did this year. Children may bring their own nut-free snack. They participate in a wide variety of activities including card games, board games, physical activities, art projects, building, imaginative play and more. The emphasis is on providing a safe and nurturing environment for the children to play and learn after school.

What is the cost of the programs?

The tuition rates for the 2019-2020 school year can be found online at the following link.

[SAC K-5 Enroll Form 1920 Updated Tuition - Compatibility Mode](#)

The actual daily tuition rates for the coming 2020-2021 school year will likely be similar to the existing rates, but may include a small increase of approximately 3%.

Please note that this information is subject to change. Please pay close attention to any announcements on listserv, our facebook page and our website for any potential adjustments and all of the latest information.
